

Morton Rust Remover Pellets

Product Overview:

Morton Rust Remover Pellets are designed for use with high iron water. Rust Remover combats issues caused by iron and rust and can remove 15 times more iron than plain salt!*

*Per regeneration cycle, based on internal laboratory testing.

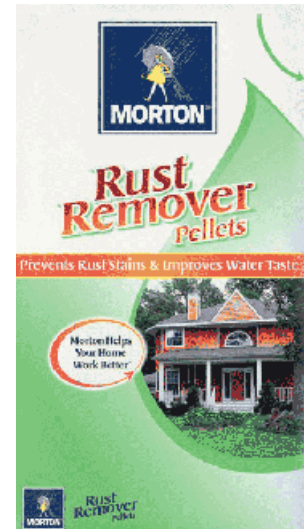

Morton® Rust Remover Pellets are designed for use with high iron water. Rust Remover combats issues caused by iron and rust and can remove 15 times more iron than plain salt!* Rust Remover also reduces rust build-up in your softener and helps your softener run more efficiently.

Rust Remover Pellets come in a 40 lb. bag that is easier to carry, open and pour thanks to our special bag features. The easy-open tear opens wide to allow salt to pour easily and flow freely. Rust Remover also provides a rigid plastic handle for more comfortable carrying and lifting.

* Per regeneration cycle, based on internal laboratory testing.

Available Sizes:

40 lb. bag
