

# EnvironMelt™

*the green solution  
ice melter with CMA*

## **SAFER TO HANDLE**

Easy to use. No protective clothing necessary. Safer for children and pets.

## **LESS HARMFUL TO VEGETATION**

Non-hygroscopic formulation. Won't hurt grass, trees or other vegetation.\*

## **NON-TRACKING**

Will not harm carpets and floors. Will not damage leather or footwear.\*

## **LESS DAMAGE TO CONCRETE**

Reduced damage to wood and concrete makes this one of the safest ice melters.\*

## **EASY DISPERSION**

Extended shelf life.

## **REDUCED CORROSION TO METALS**

Anti-corrosion agents reduce damage to vehicles, equipment and other metal surfaces.

\*when used as directed

### ***Anti-Corrosion Formula***

CMA (Calcium Magnesium Acetate) is an environmentally benign deicer. Where metal corrosion is a concern, EnvironMelt's™ special formula creates a bond between the surface area and the elements to protect against corrosion.

### ***Fast Acting***

EnvironMelt™ combines the most effective deicing ingredients; creating the desired reaction to initiate deicing and meltdown. EnvironMelt™ when pre-applied prevents snow and ice from bonding to the surface area. As EnvironMelt™ goes to work, its time-released formula stays on the surface area longer, helping to control the freeze/thaw cycle.

### ***Health and Safety***

EnvironMelt™ is safer to handle without protective clothing. It does not dry out or irritate the skin.\*

### ***Non-Tracking***

When properly dispensed, EnvironMelt™ minimizes tracking on floors and carpets.

### ***Safer Ice Melter***

EnvironMelt™ goes after the ice and snow; clearing the way to safety. This specially formulated product contains "Dolomite" for added traction control; further enhancing performance.

### ***Environmentally Formulated***

Nature's own ingredients combine for just the right formula. Unlike some deicers, EnvironMelt™ works to preserve "vegetation and plant life" when used as directed. With EnvironMelt™, there is no slimy residue being tracked in, making clean up virtually non-existent.

### ***Easily Dispersed & Extended Shelf Life***

EnvironMelt™ is specially formulated with an anti-caking agent to allow for free-flowing dispersion.

### ***Visually Measured***

Not only will you see the quick action of EnvironMelt™ specially coated with "GREEN MELT", going to work on the snow and ice, this product will allow the precise spreading to ensure cost-effective dispersion.
